

Funeral Parking

At Old St. Patrick's Church

As we are a downtown church, parking during the week is always a challenge. However, there are several surface lots available within a block and the 625 W. Adams building (kitty corner from church) has a parking garage as well. With school being in session, street parking is just not available (except possibly for the hearse and 1 or 2 cars in front of church.) Please advise your guests and family members to park in a lot.
